We are among the established manufacturers of a wide range of Fiber Glass Fabrics and Conveyor Belt. The offered products have gained much popularity in the market owing to their immaculate designs and durability.

About Us

We, **Madhu Glasstex Private Limited**, established our presence in **2012** as a manufacturer and exporter of a comprehensive range of Fiber Glass Fabrics and Conveyor Belts. Our range encompasses Fiber Glass Fabric, Coated Glass Fabrics and Fiberglass Filter Fabric. We have been able to establish a firm foothold in the industry by offering products of unsurpassable quality. These offerings are designed with the aid of cutting-edge technology and deliver optimally in terms of quality and performance.

We have established a sound infrastructure which enables us to carry out our operations in a smooth manner. Our infrastructure is spread over a vast area and is equipped with sophisticated equipment and world-class amenities that enable standardization of production and other processes. This facility is segregated into multiple units including manufacturing, research & development, designing, quality assurance, administration, and logistics. All these units function in a synchronized manner so as to enable timely achievement of the organizational objectives. To manage these units, we have hired a team of dexterous professionals who are well-versed in their respective roles and responsibilities. These professionals are driven to perform to the best of their abilities and provide valuable insights for the advancement of the organization.

We are functioning under the esteemed leadership of **Mr. Geet Solanki** and **Mr. Ramesh Solanki**, who,...
